Dear Mr Beckett,

Dartbrook Coal Mine (Mod 7)

I refer to your correspondence dated 28 June 2018 seeking comments from the NSW Rural Fire Service (NSW RFS) with respect to the above proposal.

The NSW RFS has considered the Environmental Assessment report provided and advises the following:

- Parts of the site, including areas of above ground infrastructure, are mapped as bush fire prone land. The Environmental Assessment report should include an assessment of the proposed development with regard to the requirements of 'Planning for Bush Fire Protection 2006'.
- It is understood that the conditions of consent for DA 231-07-2000 include the requirement for a Bush Fire Management Plan. A copy of the current plan is to be provided.

For any queries regarding this correspondence, please contact Paul Creenaune on 6691 0400.

Yours sincerely,

Wayne Sketchley

Acting Team Leader – Development Assessment & Planning
