Dear Ms Morales,

Oberon Timber Complex (DA 27/95 Mod 6) Proposed Modification

I refer to your recent email requesting advice from the Department of Primary Industries (DPI) in respect to the above matter.

Comment by NSW Office of Water

The NSW Office of Water has reviewed the exhibited Environmental Assessment (EA) submitted in support of the Oberon Timber Complex modification proposal and provides the following comment.

- Section 5.1.2.3 of the EA indicates new wetland/detention areas are proposed, however there are no details for this activity discussed elsewhere in the EA or depicted in the supporting site plans. Clarification is requested on this activity and whether there is additional assessment to support it.

For further information please contact Tim Baker, Senior Water Regulation Officer (Dubbo Office) on 6841 7403 or at tim.baker@water.nsw.gov.au.

Agriculture NSW, Crown Lands and Fisheries NSW advise no issues.

Yours sincerely

Kristian Holz
Director Policy, Legislation and Innovation
