Application to modify a development consent

Date lodged: 16/10/2009

DA modification no. 73-11-98 MOD 2 (Office use only)

1. Before you lodge

This form is to be used for applications to modify Part 4 development consents under section 96 or 96AA of the *Environmental Planning and Assessment Act 1979* (EP&A Act). This form is also to be used for Part 4 development consents that are to be modified under section 75W of the Act.

Disclosure statement

Persons lodging modification applications are required to declare reportable political donations (including donations of or more than \$1,000) made in the previous two years. For more details, including a disclosure form, go to www.planning.nsw.gov.au/donations.

Lodgement

Anyone wishing to lodge an application is recommended to call the Department of Planning to discuss their proposal and modification application requirements prior to lodging their application. You can lodge your completed form, together with attachments and fees at the relevant Department of Planning office listed below. Please lodge Part 4 modification applications with the Department of Planning head office or, for modification applications that are within the Kosciuszko ski resorts area, the Department's Alpine Resorts team.

5. Type of modification

	An application under section 96 of the EP&A Act is an application to modify a development consent.	
	Modifications to a development consent can also be made under section 75W of the EP&A Act, or section 96AA for court granted consents.	
	There are five types of modification applications. Please tick the type of modification application that is being sought:	
	Section 96(1) involving minor error, misdescription or miscalculation.	
	Section 96(1A) involving minimal environmental impact, where the development as originally approved remains substantially the same.	
	Section 96(2) other modification, where the development as originally approved remains substantially the same.	
	Section 96AA modification of consent granted by the Land and Environment Court, where the development as originally approved remains substantially the same.	
	☐ Section 75W modification, involving use of Part 3A processes to modify the Part 4 consent.	
	Note: If the proposed modification will lead to the consented development being not 'substantially the same' (except in the case of a proposed modification under section 75W) then you will need to submit a new development application.	
მ.	Extent of modification	
	Will the modified development be substantially the same as the development that was originally approved?	
	No □> Please submit a new development application.	
	Yes Please provide evidence that the development will remain substantially the same. (If you need to attach additional pages, please list below the material attached).	
	See Attached SoEE	1
	Note: Question 6 does not apply to proposed modifications under section 75W.	
7.	Description of modification	
	 In the case of a section 96(1) application, indicate the nature of the minor error, misdescription or miscalculation in the space below. 	
	In the case of a section 96(1A), section 96(2) or section 96AA application describe the impact of the modification in the space below. A statement of environmental effects will need to accompany the application, which includes an assessment of the development as proposed to be modified in accordance with section 79C(1) of the EP&A Act. Provisions of the Heritage Act 1977 may also apply for works to a heritage item or works adjoining a heritage item.	Э
	In the case of a section 75W application under clause 8J(8) of the Environmental Planning and Assessment Regulation 2000, a development consent in force immediately before the commencement of Part 3A of the Act may be modified under section 75W as if the consent were an approval under that Part. However, approval from the Minister is required to lodge a section 75W application. Applicants should contact the Department first if they are considering applying for a modification under section 75W.	f
	Regardless of the type of modification, please state below the specific conditions of consent to be modified, deleted or additional conditions request, and details of any other changes being sought.	1
	Full details are included in the attached SoEE.	
	Condition 1.1	
	Insert after paragraph (c)	
	(d) Document titled "Washing of Mandalong Coal at Newstan, Section	
	96(1A) Application, Statement of Environmental Effects"	
	Renumber paragraph (d) as paragraph (e)

8.	General terms of approval from State agencies	
	If the original development application was classified as integrated development and required approval from one or more State agencies, list them in the space below and their respective general terms of approval. Depending on the type of modification, it may be necessary to refer the modification application to the approval body.	
	Refer to 1998 EIS for GTAs	
		ار. نک
9.	Number of jobs to be created	
	Please indicate the number of jobs the proposed development will create. This should be expressed as a proportion of full time jobs over a full year, (e.g. a person employed full time for 6 months would equal 0.5 of a full time equivalent job; six contractors working on and off over 2 weeks equate to 2 people working full time for 2 weeks, which equals approximately 0.08 of an FTE job).	
	Construction jobs (full time equivalent)

	Operational jobs (full time equivalent)	
10.	Application fee	
	Part 15 of the Environmental Planning and Assessment Regulation 2000 sets out how to calculate the fees for an application for modification of a development consent. If your development needs to be advertised to the public you may also need to include an advertising fee.	
	Note: Advertising fees attract GST, all other fees do not.	
	Note: Advertising fees attract GST, all other fees do not. Please contact the Department in order to calculate the fee for your modification application.	
	Please contact the Department in order to calculate the fee for your modification application. Estimated cost of the development Original application fee Total fees lodged	
	Please contact the Department in order to calculate the fee for your modification application.	

11. Political donation disclosure statement

donations of or more than \$1,000) made in the previous two years. Disclosure statements are to be submitted with your application. Have you attached a disclosure statement to this application? Yes No Note: For more details about political donation disclosure requirements, including a disclosure form, go to www.planning.nsw.gov.au/donations. 12. Owner's consent The owner(s) of the land to be developed must sign the application. If you are not the owner of the land, you must have all the owners sign the application. If the land is Crown land, an authorised officer of the NSW Department of Lands must sign the application. An original signature must be provided. As the owner(s) of the above property, I/we consent to this application: Signature Signature N/A Name Name see SoEE Date Date Note: For applications within the Kosciuszko ski resorts area, the approval of the lessee rather than the owner is required. 13. Applicant's signature The applicant, or the applicant's agent, must sign the application. Only an original signature will be accepted (photocopies or faxed copies will not be accepted). In what capacity are you signing if you are not the Signature applicant General Manager Name, if you are not the applicant Date 09/10/2009 Steve Bracken

Persons lodging modification applications are required to declare reportable political donations (including

14. Privacy policy

The information you provide in this application will enable the Department, and any relevant state agency, to assess your application under the Environmental Planning and Assessment Act 1979 and other applicable state legislation. If the information is not provided, your application may not be accepted.

If your application is for designated development or advertised development, it will be made available for public inspection and copying during a submission period. Written notification of the application will also be provided to the neighbourhood. You have the right to access and have corrected any information provided in your application. Please ensure that the information is accurate and advise the Department of any changes.
