Dear Minister, ^{Rob,}

I have been contacted by [REDACTED] of [REDACTED] Leicester Street, Marrickville, regarding the recent development application of a proposed Warehouse and Customer Fulfilment Centre, Marrickville (SSD-10468).

[REDACTED] notes she is unable to make a submission about the proposal without assistance.

[REDACTED] would like the following concerns noted in regard to proposed development including:

- Concerns about the increase in traffic flow,
- Noise pollution from the 24-hour operation of the site,
- Impacts of resident's ability to sleep

[REDACTED] is also seeking clarification on what compensation is available to residents who are affected by the project.

She requests that her concerns be taken as a submission on the development application.

I ask that you please ensure her concerns are addressed in a response regarding the development application.

Yours sincerely,

Jo Haylen MP
Member for Summer Hill
