Dear Ms Leung

Thank you for your letter of 20 August 2018 requesting comment from the Civil Aviation Safety Authority (CASA) on the State Significant Development application for Amending Stage 1 Concept Proposal (South Site Building Envelope) Martin Place Precinct (SSD 9347) in Sydney, New South Wales.

CASA has reviewed the application and, in accordance with the civil aviation regulations, the proponent should seek the controlled activity approval through Sydney Airports Corporation Ltd (SACL). SACL will confirm the infringement and obtain comments from stakeholders, including CASA and Airservices Australia, and refer the application to the Department of Infrastructure, Regional Development and Cities. CASA will assess the building from an obstacle perspective when a request for comment is received from SACL.

I trust this information is of assistance.

Yours sincerely
