---

Hi Teresa,

We note the recommendation by Lane Cove council in Appendix O that the proponent liaise with Ausgrid to determine if a new substation is required for the development. We agree that the proponent should consult with Ausgrid regarding this as early as possible.

Ausgrid has 132,000V underground cables present in River Rd and recommends the proponent obtain the plans through DBYD and refer to Ausgrid Network Standard NS156 regarding working near these cables.

Thanks,

Jason Wall  
Program Development Manager
