Hi Jessica,

I refer to your request for an Airservices assessment of the Bowmans Creek Wind Farm.

Airspace Procedures

With respect to procedures designed by Airservices in accordance with ICAO PANS-OPS and Document 9905, at various heights provided with a maximum height of 911m/2989ft AHD, the wind turbines will not affect any sector or circling altitude, nor any instrument approach or departure procedure at Scone or Maitland aerodrome.

The wind farm will not affect any air route LSALT.

Note: procedures not designed by Airservices at Scone or Maitland aerodrome were not considered in this assessment.

Communications/Navigation/Surveillance (CNS) Facilities

This wind farm, to a maximum height of 911m/2989ft AHD, will not adversely impact the performance of any Airservices Precision/Non-Precision Navigation Aids, Anemometers, HF/VHF/UHF Communications, A-SMGCS, Radar, PRM, ADS-B, WAM or Satellite/Links.

Summary

Based on the above assessment, Airservices view is that the proposed wind farm would not have an impact on the safety, efficiency or regularity of existing, or future air transport operations into or out of Scone or Maitland Airport.

Vertical Obstacle Notification

As soon as construction commences, the proponent must complete the Vertical Obstacle Notification Form for tall structures and submit the completed form to <u>VOD@airservicesaustralia.com</u>

For further information regarding the reporting of tall structures, please contact (02) 6268 5622, email <u>VOD@airservicesaustralia.com</u> or refer to the web links below: <u>Civil Aviation Safety Regulation Part 175 — Airservices and You - Airservices</u> (airservicesaustralia.com)

Vertical Obstacle Notification Form:

Subject: NSW-WF-070 P2 - Bowmans Creek Wind Farm (SSD-10315) [SEC=OFFICIAL]

Hi Jessica,

We have received your proposal and commenced the Airservices assessment, which may take up to 6 weeks to complete. Times can increase for complex assessments or during periods of increased demand. If you have any questions, please contact the Airport Developments team and quote assessment code: NSW-WF-070 P2

Please note that all completed Airservices assessments are also forwarded to CASA.

Regards,

Dear Agency

The Department of Planning, Industry and Environment (Department) has received an Environmental Impact Statement (EIS) for the Bowmans Creek Wind Farm (SSD-10315).

The EIS will be publicly exhibited from 31 March 2021 to 11 May 2021.

The EIS can be viewed on the Department's Major Projects website at https://www.planningportal.nsw.gov.au/major-projects/project/11691 from 31 March 2021. If you wish to view the documents prior to this date, you will need to register an agency account on the Major Projects site. A User Guide is attached for your reference.

The Department invites you to advise on the proposal, including advice on recommended conditions by 11 May 2021.

If you have any enquiries, please contact Anthony Ko on 8217 2022 or via email at anthony.ko@planning.nsw.gov.au.

Regards

Jess Fountain DA Coordinator
