## Submission

Your Comments;

I am writing together with [REDACTED] [REDACTED] with regards to our objections on the chosen building site for the proposed Weigall Sports Complex at Sydney Grammar School.

[REDACTED] Together with other residents in our building block are disappointed by the lack of consideration to the [REDACTED] residents. The construction of the said complex will severely impact the residents around the area specially the [REDACTED] residents who are in vulnerable conditions. Most of the residents are elderly, people with disabilities and people with mental and emotional issues.

The construction of the Sports Complex during and after will affect the way of life of the most vulnerable residents who are relying on the air and sunlight that penetrates our homes. My [REDACTED] in particular sits next to the window every morning to get some air and sunshine but that will be a problem if they build the sports complex so close to our housing blocks. Most of the residents are elderly and with disabilities.

We are not stopping Sydney Grammar School to build but not in front of our homes. They have a huge block of land it is possible for them to build their sports complex in another area.
