I object to the proposal as it will only clutter up an open area over shadowing a block of existing units. Why don't you build it next door to the head masters house on stilts if it is in a flood area a one in one hundred years

Nield Avenue is not in Rush Cutters Bay. This project is to be built on the Paddington side of the boundary line. I take it Geography is not your strong point, it would help if you could send a map, what other lies and misstatements are you telling us or covering up
