## Submission

### Your Comments;

As a tennant, directly next door to where this construction will be taking place, i feel as though this structure, before, during and after will be extremely distrupting to ~~the~~ myself and the residence around the area.

The intollerable noise from construction, the aesthetics of our building will be demolished.

The building it self will omit a pungent smell of chlorine and a constant irritating ~~constant~~ sound of pumps and generators cancelling any kind of serenity we have left in the surrounding area.

Weekends will bring even more gatherings of people to events like the tennis courts we already have to endure.

Basically i dont think the tennants have even been considered, towards what effect this may have on each or any individuals rights for serenity and heath. I just hope more thought will go into the people who have to ~~a~~ live in this area before any construction begins.

yours truthfully
