## Submission

Your Comments;

It will affect my lifestyle of living because I go sit with my friend outside with my friend. It won't be good for me. I remember last time when they were building these other flats next to us. It was horrible the noise and dust which we went through. and the vibration was too much to our building. and again I live on the third floor with [REDACTED] [REDACTED] now how we going clean the windows because I like to live in a clean environment, that's my concern. They are not saying much about the information so we don't know the information is not open for us. So I suspect that they can build it somewhere else not closer to people. [REDACTED] [REDACTED]

[REDACTED] She does not like the noise definitely it will affect her condition. I come to help with her own children. so I am scared of her healthy condition.
