Dear Sir/ Madame,

Regarding application number SSD-10421, Sydney Grammar School.

I object to the proposal.

I don't want more concrete in the suburb I am living and was born in
(Paddington womens hospital)

Maybe a swimming pool, but no more cars or buildings.

The current amenities at the North end of the field r adequate.

There will be construction noise and trucks coming and going.

I don't want the green sportsfield to become a "paved Paradise"

I live at the back of Sydney Grammar Tennis courts

I vehemently object to a new building except for the addition of a swimming
pool and change rooms.

I have made no political donations in the past 2 years

Thankyou
