TO WHOM IT MAY CONCERN

On behalf of the Board of Directors and Management of the West Wyalong Services & Citizens' Club Ltd, we would like to make a submission and voice our opinion in full support of the "Cawal Gold Mine Modification 13 – Extension Modification".

This mine has been a lifesaver for our town in general since its inception, offering employment and also by way of bringing new people to the town.

Our Club is used as a community centre for the town, with all organisations using our facilities for meetings and as well, we support all areas of sport both senior and junior. We realise that things are tough all over the country and we are so thankful we have the mine in such close proximity to our small town.

Also, Evolution and Barrick Gold before them, have been great supporters of events in our town over the years.

Yours faithfully
