Subject: FW: Notice of Exhibition for Overseas Passenger Terminal – Tenancy 5 (The Squire's Landing) (SSD 7683 MOD 2).

Dear Jessica,

Thank you for inviting the City to comment on the modification application to continue the current trial period for the use of the outdoor areas of the premises and proposal to increase maximum number of patrons.

Please note that a search of Council records has revealed that the subject premises has no current/outstanding Order or any current history of non-compliance. The City has no further comments to make with regards to the proposed modification provided the proponent ensures compliance with conditions of consent in particular Condition Part F4(iii).

Regards
