Without Prejudice

For Attn. Sally Munk

Partition of Objection

I the under signed have viewed Environmental Assessment MP09_0067.

I believe it to be a fabricated misleading veil of deception in bias for Lot1 to cause unfair costs on Mr Barker's private land Lot6 for the proposed commercial advantage and ecological damage of Major Developers.

Developers should be made pay their own way, and not impact unfairly on private citizens. I object to this MP09_0067 proposal, pending remediation.
