Mr James Archdale  
Planning and Infrastructure

Dear Sir

Re Banyoro Wind Farm

Applications No. 10\_0157

Proponent, Infigen Energy

I as one of the landholders on whose properties the wind farm is to be built I am in favour of it being built.

Reasons for my decision are

1. Extra income from my farm.
2. More money to spend in Wellington
3. Construction staff. Living in Wellington while working on project was helping hotels and other businesses.
4. Local contractors being employed on site.
5. Some permanent employment for service staff.

Yours sincerely  
Geoffrey Rex England
