Dear Sir,

Re: BODANGORA CREEK WIND FARM

I am aware of the proposal to construct up to 33 wind turbines in the Bodangora area, approximately 20 kilometres north-east of Wellington NSW.

I ~~give~~/do not give permission for my personal details to be released to the proponent, the public or any other government department.

*WISH*  
I wish to lodge my objection to this wind turbine proposal because of the following:

*Health Impacts*

*Noise pollution both audible and infrasound*

*Visual Pollution and increasing turbine size*

*Lack of community consultation and transparency*

*Contractual secrecy containing gag clauses*

*Destruction of flora and fauna*

*Devaluation of affected land and surrounding land*

*Safety issues relating to blade throw and fire dangers, and the inability to fight fires near turbines*

*Danger to low flying agricultural air craft*

*Shadow Flicker*

*Further damage to already dangerous country roads*

*Destruction of historic, heritage and cultural areas*

*Reduced agricultural productivity*

*Division of rural communities and alienation within families*

*Destruction of rural social infrastructure*

*Enforced tax payer subsidies to the wind turbine industry*

*Inefficient and intermittent electricity production*

*Inability to produce base load power*

*Inadequate or non-existent provision for decommissioning and removal of old turbines*

I therefore petition the Department of Planning & Infrastructure to disallow this proposal and look forward to your Department's favourable consideration of this submission.

Yours faithfully,
