Department of Planning & Infrastructure,
GPO Box 39,
SYDNEY NSW 2001

Dear Sir,

Re: **BODANGORA CREEK WIND FARM**

I am aware of the proposal to construct up to 33 wind turbines in the Bodangora area, approximately 20 kilometres north-east of Wellington NSW.

I ~~do~~/do not give permission for my personal details to be released to the proponent, the public or any other government department.

I ^{wish}~~do~~ to lodge my objection to this wind turbine proposal because of the following:

- Health Impacts*
- Noise pollution both audible and infrasound*
- Visual Pollution and increasing turbine size*
- Lack of community consultation and transparency*
- Contractual secrecy containing gag clauses*
- Destruction of flora and fauna*
- Devaluation of affected land and surrounding land*
- Safety issues relating to blade throw and fire dangers, and the inability to fight fires near turbines*
- Danger to low flying agricultural air craft*
- Shadow Flicker*
- Further damage to already dangerous country roads*
- Destruction of historic, heritage and cultural areas*
- Reduced agricultural productivity*
- Division of rural communities and alienation within families*
- Destruction of rural social infrastructure*
- Enforced tax payer subsidies to the wind turbine industry*
- Inefficient and intermittent electricity production*
- Inability to produce base load power*
- Inadequate or non-existent provision for decommissioning and removal of old turbines*

I therefore petition the Department of Planning & Infrastructure to disallow this proposal and look forward to your Department's favourable consideration of this submission.

Yours faithfully,
