Department of Planning & Infrastructure,
GPO Box 39
SYDNEY NSW 2001

Dear Sir,

Re: **BODANGORA WIND FARM MP10_0157**

I Kim Kiss am aware of the proposal to construct up to 40 wind turbines in the Bodangora area, approximately 20 kilometres from Wellington, NSW. My husband and I own a neighbouring property to the proposed site.

I do not give permission for my personal details to be released to the proponent, the public or any other government development.

I wish to lodge my objection to this wind turbine proposal because of the following:

- ⌘ Health Impacts on people and stock
- ⌘ Noise pollution both audible and infrasound
- ⌘ Visual pollution and increasing turbine size
- ⌘ Lack of community consultation and transparency
- ⌘ Destruction of flora and fauna
- ⌘ Devaluation of affected land and surrounding land, as we will have turbines on three sides of our property within 10km.
- ⌘ Safety issues relating to blade throw and fire dangers, and the inability to fight fires near turbines
- ⌘ Danger to low flying agricultural aircraft, and the effect it will have on our only airport, which is used as a training facility.
- ⌘ Shadow flicker
- ⌘ Further damage to already dangerous country roads
- ⌘ Destruction of historic, heritage and cultural areas
- ⌘ Reduced agricultural productivity
- ⌘ Division of rural communities and alienation within families
- ⌘ Enforced tax payer subsidies to the wind turbine industry
- ⌘ Inefficient and intermittent electricity production
- ⌘ Inability to produce base load power
- ⌘ Inadequate or non-existent provision for decommissioning and removal of old turbines

I therefore petition the Department of Planning & Infrastructure to disallow this proposal and look forward to your Department's favorable consideration of this submission.

Yours faithfully,
Kim Kiss
