

D10_0157 (MOD1)
ED16/120638

25 October 2016

Ms P Duncan
Department of Planning and Environment
GPO Box 39
SYDNEY NSW 2001

Dear Ms Duncan

**BODANGORA WIND FARM – MODIFICATION NO. 2
APPLICATION NO. D10_0157 (MOD1)**

I refer to the abovementioned Modification of Development Consent which seeks to further modify the approved Wind Farm upon the subject site, notified to Dubbo Regional Council on 11 October 2016.

Council raises no objection to the proposed modification, noting compliance with the existing conditions of consent however it would like to request the addition of a specific condition regarding access provisions, as follows:

- Any property access gateway(s) to be utilised or associated with the proposed development are to be 'set back' at the property entry and exit location(s), such that all vehicles associated with the operational period of the Wind Farm project are able to 'stand clear' and be totally contained within the subject land's allotment boundaries and not at any stage overhang onto the road reserve area whilst the operator of such vehicle may be required to lock and/or unlock the access gateway(s).
{Reason: To provide safety for the travelling public utilising the public road system}

Council appreciates the opportunity to comment on the subject application.

For any further information regarding this matter please do not hesitate to contact Council's Planning Services Supervisor, Darryll Quigley, on 02 6801 4000 during business hours.

Yours faithfully

Melissa Watkins

Director Environmental Services
