Subject: Major Projects – New Request for Advice -Angus Place Coal Mine (MOD 6) & Springvale Water Treatment Facility (MOD 6)- Modification Report
Date: Tuesday, 15 December 2020 10:41:45 AM

Hi Andrew

Crown Lands has the following comments regarding the Angus Place Coal Mine Mod 6 or Springvale Water Treatment Facility Mod 6:-

For mining operations involving Crown land or Crown Roads, the following requirements apply:

1. All Crown land (including Western Land Leases) and Crown roads within a Mining Lease (with surface rights), subject to mining or mining related activity, must be subject to a Compensation Agreement issued under Section 265 of the *Mining Act 1992*, to be agreed and executed prior to any mining activity taking place. The Compensation Agreement may include conditions requiring the Mining Lease Holder to purchase Crown land impacted on by mining activity.
2. All Crown land (including Western Land Leases) and Crown roads located within an Exploration Licence, subject to exploration activity, must be subject to an Access Arrangement issued under Section 141 of the *Mining Act 1992*, to be agreed and executed prior to any exploration activity taking place.
3. All Crown land (including Western Land Leases) and Crown roads within a Mining Lease (with sub-surface rights only) must be subject to a Section 81 Consent under the *Mining Act 1992* where surface activities are proposed, to be agreed and executed prior to any surface activity taking place.

I am responding via email as Crown Lands has not been provided access to provide comments via the Major Projects Portal.

Thanks
Kirstyn
