**PROJECT MODIFICATION 08_0150 MOD 2 – BULLI SEAM OPERATIONS -
CONSTRUCTION AND OPERATION OF MINE GAS DRAINAGE PIPELINE**

Dear Paul,

Roads and Maritime Services (RMS) refers to your email dated 6 July 2016 regarding the subject project modification.

RMS has reviewed the provided information and notes the following:

- The proposed modification will result in a minor temporary increase in traffic on the local road network, whilst construction of the proposed gas pipeline is undertaken.
- The increase in traffic during construction is to be managed by a traffic management plan and traffic control plan, to be approved by Council.

Given the above, RMS does not object to the development application in principle.

If you have any questions please contact Melissa Steep on 4221 2771.

Yours faithfully,

A handwritten signature in blue ink, appearing to read 'K Westlake'.
