I object to the windfarm turbines.

The cost of building this is ridiculous & will only make our electricity costs higher.

The wind farm will destroy the environment along the mountain range not a green option at all.

I don't think we will stay in this environment as all turbines can be seen only a few kilometers from Koobah homestead. This will destroy our beautiful quiet natural landscape. Some one hundred & forty flashing lights will be our new views at night to the eastern sky line.
