Hills of Gold Wind Farm Project ID. SSD-9679

I **support** the proposal for Hills of Gold Wind Farm Project ID.SSD-9679. As people object to fossil fuel today, therefore we are going to need energy from somewhere.

As to the objections to wind power turbines in the Nundle area, it's the old cliché, "I'm in favour of the turbines, but not in my backyard." This is being selfish.

Our future generations would be struggling for electricity if we don't do something about it.

I declare that I have not made any political donations in the last 2 years.

Kind regards

Edward Clynick
