**Hills of Gold Wind Farm Project ID. SSD-9679**

I **support** the proposal for Hills of Gold Wind Farm Project ID.SSD-9679. I think we should think about the future of electricity in Australia.

Our younger generation would be struggling for electricity if we don't do something about it.

The Project will do no harm to our environment due to where the wind mills are proposed to be put.

I think it is selfish not to support this proposal.

We MUST look to the future.

I declare that I have not made any political donations in the last 2 years.

Kind regards

Gail Clynick
