TO WHOM IT MAY CONCERN

* AS A RESIDENT OF NUNDLE I AM TOTALLY OPPOSED TO THIS PROPOSED WIND FARM IN THIS BEAUTIFUL AREA OF NEW ENGLAND.

FROM THE ONSET OF THIS PROJECT IT HAS TORN OUR LITTLE VILLAGE APART, NEIGHBOURS NO LONGER SPEAK TO NEIGHBOURS, VISUAL & VERBAL ABUSE HAS BEEN ON DISPLAY THROUGHOUT THE VILLAGE WHICH WAS ONCE A VERY CLOSE KNIT COMMUNITY. NO ONE NEEDS THIS DISHARMONY DURING THESE STRESSFUL TIMES.

* THE EPA HAS THE AUTHORITY TO STOP THIS PROJECT NOW, LONG BEFORE ANY MASS DESTRUCTION IS DONE TO THE LANDSCAPE, FLORA & FAUNA TO ACCOMMODATE THESE INDUSTRIAL MONOLITHS & THEIR ASSOCIATED INFRASTRUCTURE, DESTROYING FARMLAND, ANIMAL HABITATS, PEOPLES PROPERTY TO WIDEN ROADS, & VISUALLY IMPACTING THE WHOLE AREA FOR MANY MILES AROUND AS YOU DRIVE INTO THIS BEAUTIFUL PART OF OUR COUNTRY.

THE HERITAGE OF THIS AREA WILL BE DESTROYED FOR EVER.

I REALLY BELIEVE THAT THE EPA HAS A DUTY TO STOP THIS PENDING DISASTER.

* NO MATTER WHAT HAS BEEN STATED IN THE PROPONENTS SUBMISSION IT DOES NOT ALTER THE FACT THAT THESE INDUSTRIAL TURBINES WILL CHANGE THIS AREA FOREVER & SHOULD NOT BE ALLOWED TO GO AHEAD.

THE PERPETUAL WORDING OF MITIGATION IN THEIR SUBMISSION SHOULD BE APPLIED TO THE WIND FARM ITSELF & BE RELOCATED TO A MUCH MORE APPROPRIATE LOCATION WHERE NO COMMUNITIES ARE AFFECTED, FOR GOODNESS SAKE, AUSTRALIA IS A BIG ENOUGH PLACE TO ACCOMMODATE SOLAR & WIND FARMS ON A MASSIVE SCALE WHERE THERE WOULD BE NO IMPACT TO COMMUNITIES AT ALL & VERY LITTLE DAMAGE TO THE ENVIRONMENT, UNLIKE WHAT WOULD TAKE PLACE HERE IN THIS AREA, & ALSO CREATING HUNDREDS OF JOBS IN REMOTER AREAS.

* THE PASSIONATE PEOPLE WHO ARE OPPOSING THIS PROJECT ARE NOT AGAINST RE-NEWABLE ENERGY, FAR FROM IT, AS STATED ABOVE, WE SIMPLY WANT THIS AREAS HERITAGE & BEAUTY TO BE MAINTAINED FOR THEIR CHILDREN & VISITORS ALIKE TO ENJOY FOR GENERATIONS TO COME.

* UPON VISITING THE PROPONENTS EXHIBITION IN THE NUNDLE VILLAGE HALL I FOUND IT TO BE VERY AMATEURISH INDEED, IN AS MUCH AS THE MONTAGE OF PHOTOGRAPHS DEPICTING THE PROPOSED WIND TURBINES WERE REALLY JUST PHOTOS OF THE SURROUNDING AREA & RIDGE LINE TAKEN AT OBSCURE ANGLES TO MINIMISE ANY EFFECT OF THE TURBINES ON THE LANDSCAPE, WITH HARDLY VISIBLE, SUPER IMPOSED TURBINES, TOTALLY INTENDED, MISLEADING INFORMATION OF WHAT THESE STRUCTURES WOULD ACTUALLY LOOK LIKE. IN REAL TERMS.

* AS I SIT HERE SCRIBING THIS SUBMISSION TO WHOM IT MAY CONCERN I'M LOOKING UP AT HANGING ROCK & ACCOMPANYING RIDGE LINE & TO THINK ANYONE WOULD WANT TO DESTROY THIS VISTA WITH 70+ TURBINES 230M^{TS} IN HEIGHT IS AN ENVIRONMENTAL DISASTER.

PLEASE SERIOUSLY CONSIDER MY OBJECTION TO THIS PROPOSED PROJECT, & STOP THIS NOW.

YOURS SINCERELY

I WISH TO REMAIN ANONYMOUS.
