SUBMISSION FOR SUPPORT

I support the Hills of Gold wind farm because I believe it is good for the environment and not adding pollution to the atmosphere.

I believe in renewable energy for our children's future.

I believe the town of Nundle is slowly dying and I have lived here for 30 years. Since then the butcher closed also the bank and there is no future for anyone to be employed here.

I believe the wind farm will bring a lot of opportunities to Nundle and Hanging Rock and with that will ~~for~~ come families with the children which our school desperately needs.

When I was a child we had to go and get firewood in the bush for the copper for our washing and to be able to cook on the stove. People in this community that are against the wind farm would be too young to understand what it would be like to live without electricity.

I am 88 years old and there needs to be progress. I have loved all the modern things as they come along like fridges, freezers and electric jugs.

Wind farm's need to happen for progress

N. Wilkinson
