my husband & I visit Nundle several times a year -
it's only a small village, but has a lot to offer -
the caravan park has received awards; there is a
counat pool which is well used; several restaurants;
motel, hotel, property which holds weddings, music
festivals; music retreats; accomadation; the town holds
several festivals also - the Chinese festival which attracts
1000's of visitors who are able to wander the streets safely -
I feel this wind farm will destroy the beauty of the
area plus there are lots of different species of animals which
will be affected & these are some of the things that bring
visitors to the area -

we saw these wind farms in N.Z. they were huge,
& very noisy, which a quiet area like Nundle,
Waringer Rock, etc could spoil the area & why people
like it so much.

so we strongly object to this project.

yours sincerely
