my wife & I love to visit our son in Nundle. there are several times a year when they have festivals - where streets are blocked off for pedestrians - at easter there is a Chinese festival which attracts 1000's of people who are free to walk on streets.

there are several music festivals which we try to attend - we go to Hanging Rock which is via a steep winding road - can see how large towers could even get up to that area -

there are also lots of fauna in this area, we saw a wind farm in N.Z. they are so huge & noisy. and if they have lights flashing all night it would affect people miles away.

Nundle is such a quiet pretty area, I feel it would never be the same - Trucks coming & going - (189 vehicles every 20 seconds) children now feel safe - end of that! I object strongly to this development -
