RE: HILLS OF GOLD WIND FARM APPLICATION NO. SSD 9679

- I am attaching my submission to the above mentioned development application
 - I hereby declare that I object to the Hills of Gold Wind Farm proposal ID no. SSD 9679
 - I would like my personal details withheld
 - I have not made any reportable political donations in the previous 2 years
- 

I have lived in the Nundle area for more than ten years. Since selling our family properties at [REDACTED] we brought [REDACTED], a beautiful and highly prized property at the foothills of the great dividing range. We breed Angus cattle and love the surrounding landscape and its serenity. Being ex-wheat farmers we absolutely love the trees, fauna and environment in which we ~~reside~~ now reside.

If the wind farm goes ahead it will have a detrimental effect on our way of life. I cannot imagine waking up, walking outside and looking up at anything other than the breathtaking hills and countryside. I also think the wind farm will effect our ~~river~~ river and its tributaries, with there huge footings which will undoubtedly pass through coal, gas or any other geological minerals, which will in turn flow down into the Peel river.

Apart from looking hideous, the turbines will also make sound, and when you live right below them I am concerned for my children's well-being and the effect it may have on them.
