- I am attaching my submission to the above mentioned development application
 - I hereby declare that I object to the Hills of Gold Wind Farm proposal ID no. SSD 9679
 - I would like my personal details withheld

My connection with Nundle and its environs is that my wife and I come to Nundle at least once a year to visit with family members who live and work in the Township.

When we consider the massive disruption of the life and work of the inhabitants during the construction phase, not to mention the ever present reminder of many scores of blades rotating along the skyline of the ridge, it is surprising that the project has not been refused.
