TO WHOM IT MAY CONCERN

RE: HILLS OF GOLD WIND FARM APPLICATION NO. SSD 9679

- I am attaching my submission to the above mentioned development application
- I hereby declare that I object to the Hills of Gold Wind Farm proposal ID no. SSD 9679Object_
- I would like my personal details withheld
- I have not made any reportable political donations in the previous 2 years

REASON FOR OBJECTION

There are a number of things that concern me

- The visual impact. Our property is in the under the 5-kilometer range I will be in direct line of sight of the wind turbines. We enjoy our beautiful views and would like to keep them!
- The negative affects this project will have on our and surrounding property values.
- Aviation lighting on the wind turbines will ruin our night sky views.
- The impact of the amount and type of vehicles required to complete the project will mean that the safety of my two young children travelling every day on the school bus will be compromised.
- There are no guarantees this project will not affect our stock and working dogs which are the basis of our business.
- Complete lack of community consultation, not just in Nundle and Hanging Rock but Crawney and Timor too.
- Community division is rife, particularly in Nundle this has caused many issues between families and continues to negatively impact children attending the local school.
