SUBURB:

REASON FOR OBJECTION: (1963)

I was born and bred in the local area and have been very thankful for the preservation of the historical, picturesque natural beauty of Nundle & surrounds. On a recent visit to the area where many of my family still reside, I was dismayed to see the division being caused amongst the locals and visitors because of the proposal (I.D. no. SSD9679).

Nundle & surrounds are charming and peaceful; streets are quiet and many of the old buildings are just as they were when built or have been restored to their former glory - these things make Nundle special and it is important to myself & my family for this particular area to be 'protected' from the abovementioned proposal.

I feel the benefits of this proposal do NOT outweigh the costs/risks with the landscape Character Unit (DA/EIS) is rated as only 'moderate'. Not worth it! Please search for a landscape which is rated 'high'.

Thank-you.
