**RE: HILLS OF GOLD WIND FARM APPLICATION NO. SSD 9679**

- I am attaching my submission to the above mentioned development application
- I hereby declare that I object to the Hills of Gold Wind Farm proposal ID no. SSD 9679
- I would like my personal details withheld
- I have not made any reportable political donations in the previous 2 years

Submissions for and my support to my family in their campaign of opposition to the proposed The Hills of Gold Wind Farms.

- ① The destruction to this pristine and historical district would be a disaster for the N.S.W Government.
- ② The unique flora and fauna of this district must be preserved for future generations to come, In this beautiful mountain area one lives to enjoy and nurture nature. No one wants to sit and view multiple 230m. high pieces of steel!
- ③ There is already proof that areas where wind farms have been constructed that native wild life has declined.
- ④ Finally a question; will the cost of any destruction to roads and peoples houses during construction be covered by the government?

Thankyou
