Nundle

To Whom it may concern

Please accept this letter as my submission in favour of the proposed Hills of Gold Wind Farm.

As the owner/operator of the Hills of Gold Motel, I would happily greet the increased flow into our economy, the increase in workers, families, essential services and daily needs would be the economic assistance that we need right now.

With the recent lull in tourist numbers due to COVID-19 and also due to the recent drought, Nundle has had a challenging time keeping itself in the tourism market,

As a small town we are able to accommodate a large number of visitors with in our village, the wind farm gives the opportunity for eco-tourism, as a community we can all benefit and showcase our village attractions and hospitality.

I believe the wind farm would be a tourism opportunity like no other, and provide the village with a long-term tourism attraction with the ability to educate and inform the tourism market about wind farms and their potential for communities like ours.

Yours Sincerely
Megan J Carberry
