SUBMISSION FOR SUPPORT

I support the windfarm as it will be a good thing for the ~~the~~ nundle community and renewable energy is the best way to help with global warming and it is less harmful to the environment than a big coal mine in the ground. And its not about money its about a cleaner and better future, for future generations. Nundle needs skate parks for young children and better facilities for young mothers with young babies. Nundle needs better jobs and opportunities for all generations.
