SUBMISSION FOR SUPPORT

I believe the proposed Hills of Gold windfarm will be beneficial for the community of Nurdle and Hanging Lock. Through the possibility of employment, improvement to roads, and the ripple effect that the businesses will / should experience.

The visual impact of the windfarm from Nurdle village and Hanginglock village will be negligible and could possibly create interest and growth of the tourism sector. ~~is~~

Real Estate values may increase during the time of construction and may provide the opportunity for the established businesses to grow and expand due to increase of workers and visitors and may also provide an opportunity for new businesses to open within both Nurdle and Hanging Lock.
