Dear Sir / Madam

Re. Development Application SSD 7610

242A & 244 Cleveland St Surry Hills

I wish to object to this proposal in it's current form. There does not appear to be much playground/open space for the children. Where will they go?

My main objection is the height. There are no high rise buildings in the immediate area. The closest is the Post Office building across Cleveland St which is only 8 stories. I feel this building should a similar height. No taller.

Yours faithfully
