

I object to Champions quarry modification 4 Environmental Assessment providing inaccurate information.

Around 1st June 2018 the quarry removed their roadside Champions Quarry signs and appears the quarry changed its identity to Richmond quarry, a name registered 22/5/18.

The June dated EA states the quarry is owned and operated by Champions quarry 2 pty ltd and known as Champions quarry. The application for this modification was dated 5/6/18 yet identifying signs changing the name to Richmond quarry were in place on 1/6/18.

It is a simple requirement for the EA to accurately state who owns and operates the quarry.

This is confusing and misleading.
