STATE SIGNIFICANT DEVELOPMENT SSD09_0103 – BOCO ROCK WIND PROJECT (MOD 1)

Dear Tim,

Roads and Maritime Services (RMS) refers to your correspondence dated 28 November 2018 regarding the above state significant development modification.

RMS has completed an assessment of the modification, based on the information provided and focussing on the impact to the state road network. RMS notes for this DA the key state road is the Monaro Highway / Snowy Mountains Highway.

Noting the project approval (attached) for the Boco Rock Wind Farm Pty Ltd (SSD09_0103) including the applicants' commitment to the Boco Rock Wind Farm Preferred Project Report and the Response to Submissions, specifically relating to the Traffic Management Plan and over-size over-mass vehicle permits, RMS will not object to the state significant development modification in principle.

Upon determination of this matter, it would be appreciated if Council could send a copy of the Notice of Determination to development.southern@rms.nsw.gov.au.

Yours faithfully,

A handwritten signature in blue ink, appearing to read 'Chris Millet'.
