Subject: OBJECTION TO PROPOSED COLLECTOR WIND FARM

Good Afternoon Neville,
My wife & I are at 1850 Collector/Gunning Road Collector
& are seriously concerned by this flawed proposal.
It is impossible to understand how the proposed change in blade size has not required
--by your Department—a fresh, comprehensive & independent assessment of the sound
to be generated by these larger blades. A decision not to do so by your Department would defy
logic.
In addition there has been—through this long process—which started about 5 years ago—
a total disdain by Ratch for the community. Consultation has been a disgrace –this is supported
by 80% of the local community not wanting this wind farm to proceed.
Please do not hesitate to contact me if you require any further information
Regards
Tony Hodgson
