Dear Ms Radcliffe,

AAAC Response to Adverse Comments

Thank you for the opportunity for the AAAC to provide a response to questions on notice. Each question is repeated below, with the AAAC response in [blue](#). References can be supplied if requested.

QUESTIONS ARISING DURING THE HEARING

Question 1

Hansard page reference: 18.

Senator CANAVAN: I have a final question, and you may have to take some of this on notice. I do think it is important, given that you are all consultants, to have on the record who you have worked for, given your evidence. Could you detail for me which wind turbine projects you have worked on individually? Dr Tonin apparently has not, but if the other three could do that for us, that would be very useful.

Mr Turnbull: It will be a long list.

Senator CANAVAN: Okay. Well, take that on notice and provide it to us. Thanks.

Chris Turnbull
