Objection to Ratch Modification Proposal for Proposed Collector Windfarm. Your ref: Application 10_0156.

Dear Mr Young,

I hereby object to the Ratch Modification Proposal lodged with you on 20 September 2015.

My objections are:

The wind farm is manipulating the process to get bigger turbines approved. Therefore, the system is corrupt.

It will destroy our environment – flora and fauna - and our town and its surrounding community. Many families are leaving if the wind farm goes ahead, including my own. Many are selling up already.

Our town is not a factory – it is our home.

Nobody here wants the wind farm. We are Australian citizens – we have the right to live in our own homes without them being turned into a factory site.

The proposed development is opposed by over 80% of the town – the town do not want this wind farm.

Kind regards,

Brooke Bryan
