

Collector & Districts Historical Association Inc.

Nov.20th 2015

Mr Neville Osborne
Planning Dept.
Upper Lachlan Shire

Dear Mr Osborne,

The Collector and District Historical Association Inc objects to the proposed windfarm modification proposed by Ratch Australia on the grounds that it has:

- Particular expertise in the area of heritage and environmental matters relating to the Collector district;
- Concerns regarding heritage and environmental matters relating to the proposed development's modification;
- Been apparently discriminated against by consultants/officers acting for the proponent, Ratch Australia, on heritage and environmental matters, since they have apparently chosen to not consult with us;
- not been given sufficient time to respond to the proposed modification since the documents did not arrive until late last Friday.

We therefore object on the basis that the consultation process has been flawed and request we be given the opportunity to contribute.

Yours sincerely

Kelly Aitken
Secretary
