Subject: Collector wind farm

As a small land holder in the Collector district , I would like to see Ratch pulled up on its current proposal & made to re- submit the Collector Wind farm proposal.

As most residents I have no objections to a solar farm, but this monstrosity of a wind farm above our village, is sadly a kick in our stomachs that's putting it nicely.

Would you in all honesty like Ratch's proposal next to or above your home ?

Let alone all the tree's & animal habitats they will destroy in giving us very expensive power as well as costing our government a huge amount of subsidies !

But of course the Australian tax payers pay for them!.

Yours Sincerely
Jennifer Bourke
