FW: Request for EPA comments on Notice of Exhibition Barangaroo - Public Domain Works (SSD 7944 MOD 1)

To Tim Green

Cc Tenille Lawrence-Haskew

EPA Reference: DOC19/526360

Dear Mr Green

Thank you for consulting the EPA in relation to the Notice of Exhibition Barangaroo - Public Domain Works (SSD 7944 MOD 1) (the proposal).

The EPA understand that the proposal seeks to align ground levels, alter the design of the public pier and make minor changes to the public domain elements and materials at Barangaroo.

The Public Domain works within Barangaroo South and Barangaroo Central form part of the premises regulated by the EPA under Environment Protection Licence 13336 (the Licence). The EPA utilises the Licence to regulate activities at Barangaroo associated with contaminated groundwater treatment and contaminated land remediation. Based on the information provided, the proposal will not impact on remediation or groundwater treatment works, and the proposal will not require any amendments to the Licence.

In view of these factors, the EPA has no further interest in the proposal and no further consultation is required.

Please call Tenille Lawrence-Haskew on 9995 6207 if you have any questions.

Regards

**Erin Barker**
