Subject: RE: Notice of Exhibition - Sydney Football Stadium Stage 2 (SSD-9835) - CASA
[SEC=UNCLASSIFIED]

UNCLASSIFIED

Aditi
CASA has reviewed the EIS for the Sydney Football Stadium project.

Lighting / Glare

The approach to lighting design as described in the EIS is satisfactory and there will be an Acceptable Level of Safety. No mitigations would be required. In any case, the site is outside the '6000m zone' for Sydney Airport.

Height

As described in the EIS, at a maximum height of RL 85m there is no infringement of the OLS for Sydney Airport and there will be an Acceptable Level of Safety. No mitigations would be required.
