Subject: Cadia East Gold/Copper Project – Modification 14 (MP 06_0295 Mod-14) - Notice of Exhibition

Attn: General Manager/Planning Department

Good Afternoon,

Cadia Holding Pty Limited has submitted an application to modify the development consent for the Cadia East Gold/Copper Project (MP 06_0295). The mine is located 25 kilometres (km) southwest of Orange within the Cabonne and Blayney local government areas.

The proposed modification involves an increase in annual ore processing rates from 32 million tonnes per annum to 35 million tonnes per annum; and some minor infrastructure upgrades at the site.

The application and Modification Report will be placed on public exhibition from **Thursday 21 January 2021 until Friday 5 February 2021**. These documents may be viewed on the Department's website from the commencement of the exhibition period <https://www.planningportal.nsw.gov.au/major-projects/project/36686>.

You are invited to comment on the proposed modification application by close of business on **Friday 5 February 2021**.

The Department has also requested a hard copy of the Modification Report be delivered directly to your office. It would be appreciated if you make this copy publicly available in your office during the exhibition period.

For any further queries, please do not hesitate to contact myself on the below details.

Kind Regards,

Emily Murray
