Dear Ms Murray,

FCNSW Response to Modification Application and Report for the MOD 14 – Increase Processing Rate (MP06_0295)

Thank you for the opportunity to comment on the Cadia Modification 14 Processing Rate Modification report. The Forestry Corporation of NSW (FCNSW) provides the following comment:

- Figure 2-4 details an *Approved Zone of Influence*, which extends over State forest tenure to the west of Cadia road. The report does not detail what is meant by this zone, nor what potential impact may exist to State forest. FCNSW would welcome the provision of information to understand any potential impact to State forest.

Best regards,
