Re. proposed hazardous waste
Plant at 129 Mitchell ave
Kurri, 2327 NSW.

14 James st

Kurri
NSW
2327.

To/

Dear planning Services Director,

We would like to add our objections
for the siting of this proposed development
We live approx 1.0 kms from the site
and have experienced an increase in
bad smells and haze in recent times
often at night which forces us to close
all windows and doors, the smell is
like burning paint and or garbage and
plastic. The proximity of the site
to schools and houses is unacceptable
in our opinion and should not be
allowed.
